

Fabrication

ACCO Engineered Systems is an employee owned contractor with expertise in the areas of heating, ventilating, air conditioning, refrigeration, process piping, plumbing, industrial construction, building control systems, as well as service retrofit and maintenance.

ACCO is a fully integrated company with complete in-house engineering, fabrication, installation, commissioning and service capabilities. This integrated delivery system allows ACCO to provide its customers with the most practical, cost effective solutions for their particular mechanical and control system requirements.

Tomorrow is the reward for being safe today.

ACCO has an extensive and detailed Safety Program to establish compliance with the applicable regulations and provide the best safe practices to ensure the health of our employees. A copy of the Safety Program/IIPP is available upon request.

Fabrication ACCO provides the following safety training to our employees to protect them and those around them:

- Employee Safety Orientation
- Confined Space Entry
- Asbestos Awareness
- Respirator Training
- Respirator Fit Testing
- CPR/First Aid
- Fall Protection/Awareness
- Forklift Certifications
- Scaffold Awareness
- Trench/Excavation Awareness
- Supervisor Safety Training
- Hazard Communication (MSDS)

In addition to this training, ACCO conducts weekly safety meetings with all employees to raise safety awareness. General Foremen Safety Meetings are conducted on a quarterly basis to review incidents and update safety training.
