

# Plumbing

*ACCO Engineered Systems is an employee owned contractor with expertise in the areas of heating, ventilating, air conditioning, refrigeration, process piping, plumbing, industrial construction, building control systems, as well as service retrofit and maintenance.*

*ACCO is a fully integrated company with complete in-house engineering, fabrication, installation, commissioning and service capabilities. This integrated delivery system allows ACCO to provide its customers with the most practical, cost effective solutions for their particular mechanical and control system requirements.*

## Complete turnkey Plumbing and Process Piping operations.

ACCO Engineered Systems is proud to offer complete turnkey Plumbing and Process Piping operations. The Plumbing Department is a sophisticated operation with over 150 skilled plumbers and the resources available for full design, including the latest in 3-D modeling, fabrication and installation services for any type of plumbing project.

ACCO's Plumbing Group is recognized throughout the industry for being on the cutting edge.

In order to accommodate the rapid growth and success of the department, the Plumbing Group has relocated our shop to a new 30,000 square foot building located in San Leandro. This newly acquired space will benefit the increasing fabrication needs of the department, which include, but are not limited to, pre-fabricated shower valves, bathroom cores, hangers, carbon steel and threaded pipe.

ACCO's plumbing expertise includes everything from parking structures, small official buildings and high-rise residential to sophisticated hospital projects or laboratories.

ACCO's Plumbing Department has strong alliances with Bay Area Union Locals 38, 393, 467, 342, 159 and 343.

Listed below is a brief sampling of the systems our plumbers work on daily:

- Sanitary, industrial and chemical waste and vent systems
- Storm drainage systems
- Potable and non-potable water systems
- Natural gas systems
- Liquefied petroleum systems
- Compressed air systems
- Medical gas systems
- Fuel oil systems
- Fireman breathing air systems
