

Commissioning

ACCO Engineered Systems is an employee owned contractor with expertise in the areas of heating, ventilating, air conditioning, refrigeration, process piping, plumbing, industrial construction, building control systems, as well as service retrofit and maintenance.

ACCO is a fully integrated company with complete in-house engineering, fabrication, installation, commissioning and service capabilities. This integrated delivery system allows ACCO to provide its customers with the most practical, cost effective solutions for their particular mechanical and control system requirements.

Peak Performance Starts with Adherence to Design Specifications

ACCO's Commissioning Program ensures that the performance of installed equipment and its peripheral systems operate at their Peak Performance by adhering to the Design Specifications for which the systems were designed for.

Commissioning:

- **NEBB Certified - Air & Water Balancing** www.nebb.org
Glendale and San Leandro Offices
- **Re-Commissioning (Point-To-Point)**
Assessment of As-Built Systems & Specifications
